

# KITCHEN SINKS

FENIX®  
COLOUR MATCHING  
COLLECTION

## KITCHEN SINKS

A solution of integrated sinks designed to match worktops made of FENIX. The sink collection is made of an innovative "matt composite material" that suits FENIX look and feel perfectly: an aesthetic integration among sink, countertop and kitchen design. Two different solutions: DROP IN SINK and INTEGRATED SINK.

## PERFORMANCE

This sink collection represents an elegant and harmonic choice that combines performance with aesthetics. Sinks are made of an exclusive material. This is conceived for sink production and it is a blend of ceramic nanoparticles and six innovative acrylic resins. The special composition makes the sink more resistant to impacts and thermal shocks. Its smooth surface allows a rapid flowing of water and creates a "lotus effect" that ease the cleaning. The UV protection prevents the sink from discolouration effects over time.

Resistant to impact

Resistant to thermal shocks

100% Water repellent and stain resistant

Lotus effect

UV protection

## AESTHETICS

Integration is the trend keyword for kitchen projects.

14 sink colours that match FENIX colours.

High level of chromatic correspondence between worktop and sink.

Two different types of installation that fit multiple needs: **DROP IN** and **INTEGRATED**

## DROP IN SINK

The sink is inserted in the worktop from above.

1. Extra-compact rectangular overflow
2. Integrated waste cover
3. Deep bowl. More space for everyday use
4. Minimal radius. The best of style
5. Smart edge. 20 mm width / 6 mm height

## INTEGRATED SINK

The sink is inserted from below and is fixed to the worktop in two ways: **undermount** or **flushmount**

1. Extra-compact rectangular overflow
2. Integrated waste cover
3. Deep bowl. More space for everyday use
4. Minimal radius. The best of style
5. Invisible junction

*Various machining and scoring operations can be carried out on FENIX matched colour core panels. However, please note that the scoring will alter the FENIX surface structure and lead to the loss of all specific characteristics of the product.*

## DROP IN SINK | LARGE TYPE

Code	Name	Sink Code
0029	Bianco Malè	F0029C6UX000ZZ1
